About IDEAL Export & Import

At Ideal Exports & Imports, our ethos is to create partnerships with both, our customers and suppliers. We strive to make certain that we provide our customers with a long-term supply chain while ensuring that we source our products responsibly and ethically to enable inclusive growth for all. We believe in providing only the best products to our customers. All our products are certified by expert and reputed bodies to ensure that you never have to compromise on quality, no matter the quantity you need. Cultivated naturally, we source premium quality products that adhere to global standards to ensure that we recycle resources, promote ecological balance, and conserve biodiversity, thereby, ensuring personal health and the health of the environment.

Our Kraft products are made responsibly while ensuring that our people are well taken care of along with the environment, in order to maintain a balance of health and welfare of all. We value transparency and honesty, so all parties are satisfied and profit from a mutually beneficial arrangement. Together, we endeavor to create value for our customers and suppliers, so they get value for their money. We are confident that our strategy of partnership will bring continued success to both, Ideal Exports & Imports and all our partners.

KRAFT

A popular packaging material and a 100% sustainable solution – Kraft is amongst one of the most popular packaging materials in the world. Kraft is made from the pulp of wood making it an all-natural product that is much more sustainable to manufacture, as it is mostly made from waste wood and wood chips.

Benefits of Kraft

- Light weight in nature, helps to decrease shipping cost
- Unbleached paper, maintains the strength of the paper and decreases manufacturing costs, making it the preferred choice for packaging materials.
